An effective technique for determining a value is to send out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the new ebook, but do not include a worth on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with totally different costs on each page. Make sure your sales copy is strictly the same on every web page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum value is.
