Determine in case your objective is to get wide distribution and maximum exposure. This aim is aimed toward drawing clients to your small business or service, or to establishing the credibility of your reputation. If this is your essential purpose, you should intention to maintain your price on the low side. Some authors have even priced their ebooks at a profit loss to attract a high number of new customers. The secret is to find a worth that maximizes your income and the number of books you sell.

This is an excellent pricing technique if you're seeking to acquire lengthy-term customers. Lengthy-term clients are extremely likely to buy from you once more and once more ? so long as the first e book they purchase is of distinctive high quality and helpful to the customer.

However, in case your guide accommodates helpful ? and extra importantly NEW data, references, or techniques ? then you must intention to price it on the high end.

After you determine your objective, it's essential to work out what your viewers's want is on your ebook. For example, does your book solve a specific drawback? If it does, and solves it in a means that hasn't been written about in 100 different ebooks, you may be in a position to obtain high

sales at a high price. If your book solves a problem or answers questions in a new and distinctive manner, you must worth your book as high as you can go. If you wish to see massive earnings over customer draw, intention for an audience that's looking for simple solutions to their issues at a low price. In case your ebook is geared toward fixing one explicit drawback moderately than normal advice, then you can charge more. Start on the highest worth the market will bear to herald the largest earnings, and plan to discount the book a number of occasions all through the year.

Advertising Strategies

The key that unlocks the gross sales potential of your book is to discover a single sentence that becomes your selling handle. This sentence states what question or downside your ebook answers and the advantages your e-book can provide. Then you'll want to use that sentence in each piece of sales

and promotional material, and every time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of other methods that may enable you to sell extra books.

One is to give something away without cost with your e book, similar to a priceless bonus item. Or bundle a number of ebooks under one worth, which lowers the value for every e book in the event that they have been offered separately.

An efficient method for determining a price is to ship out a survey to your present customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by making a sales page for the new e-book, but do not embrace a value on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out costs by creating a variety of duplicate gross sales pages with totally different costs on every page. Ensure that your gross sales copy is precisely the similar on each web page, and includes your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum value is.

In the end, if you happen to've written a ebook that solves a drawback or presents a new approach, your e book will herald both site visitors and profits. So be sure to write that promoting-deal with sentence that sums up what problem your e book solves and what the advantages of your *Cosmic Ordering Guide* guide will probably be to the purchasers who buy it.
