An efficient method for figuring out a value is to send out a survey to your current customers. If these clients have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the brand new e book, but don't embody a worth on that page. Instead, add numerous links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out prices by making a variety of duplicate gross sales pages with

completely different prices on each page. Ensure that your gross sales copy is precisely the same on every page, and consists of your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. This can let you know what your optimum price is.

Finally, for those who've written a ebook that solves a problem or presents a new approach, your e-book will herald each traffic and profits.
