An efficient approach for figuring out a value is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to price.

Do this by making a sales web page for the brand new e book, but don't embody a worth on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out costs by creating a variety of duplicate sales pages with totally different costs on each page. Be sure that your gross sales copy is exactly the same on every web page, and contains your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. It will tell you what your optimum price is.

Ultimately, in case you've written a ebook that solves a downside or presents a brand new approach, your ebook will bring in both traffic and profits. So be sure to write that selling-deal with sentence that sums up what problem your book solves and what the advantages of your 1294 ebook might be to the purchasers who buy it.
