An efficient approach for determining a value is to send out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion by way of price. Do this by creating a sales page for the new book, but don't include a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to check out costs by creating a variety of duplicate sales pages with different prices on every page. Be certain that your gross sales copy is precisely the same on each

page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between guests to your website and gross sales of your book. It will tell you what your optimum price is.

Ultimately, if you've written a e book that solves a problem or presents a new method, your e book will herald each site visitors and profits.
