An efficient method for determining a price is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion in terms of price.

Do this by creating a sales web page for the brand new ebook, but don't embody a value on that page. As an alternative, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out costs by making a number of duplicate gross sales pages with totally different costs on each page. Make sure that your sales copy is exactly the identical on every page, and includes your promoting-deal with sentence. Then work out for every page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum price is.

Finally, for those who've written a e-book that solves a downside or presents a brand new approach, your e book will herald both traffic and profits. So you should definitely write that selling-deal with sentence that sums up what drawback your e-book solves and what the advantages of your 1595 book will be to the shoppers who buy it.
