An efficient method for figuring out a price is to ship out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the brand new guide, however don't embody a value on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to test out prices by making a number of duplicate gross sales pages with completely different costs on every page. Be sure that your gross sales copy is exactly the similar on each web page, and contains your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum worth is.

Ultimately, if you've written a guide that solves a downside or presents a brand new technique, your e-book will bring in both site visitors and profits.
