An effective approach for determining a worth is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for his or her opinion in terms of price. Do that by making a sales web page for the new e-book, but don't embrace a value on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out costs by making a number of duplicate sales pages with completely different prices on every page. Ensure that your sales copy is precisely the identical on each web page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum worth is.

In the end, in case you've written a e book that solves a problem or presents a brand new approach, your ebook will bring in each site visitors and profits.
