An effective approach for determining a value is to send out a survey to your current customers. If these prospects have already bought an e book from you, ask for his or her opinion in terms of

price. Do that by creating a gross sales web page for the new ebook, however don't include a worth on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Make sure that your gross sales copy is exactly the same on each web page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and gross sales of your book. It will inform you what your optimum price is.

Finally, in the event you've written a book that solves a problem or presents a new approach, your guide will herald each visitors and profits.
