Another strategy is to check out costs by creating a number of duplicate sales pages with totally different costs on every page. Make sure that your sales copy is precisely the same on every page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and sales of your book. It will let you know what your optimum price is.

In the end, in case you've written a e book that solves a problem or presents a brand new technique, your ebook will bring in both site visitors and profits.
