An effective technique for figuring out a value is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for his or her opinion by way of price. Do that by creating a sales web page for the new book, but do not embrace a value on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out prices by creating a variety of duplicate gross sales pages with completely different costs on each page. Ensure that your gross sales copy is strictly the similar

on every page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum price is.

Ultimately, if you've written a e-book that solves a drawback or presents a new approach, your e book will usher in both site visitors and profits.
