Besides promoting your books assiduously on-line, there are a number of different methods that can allow you to sell more books.

One is to present one thing away without spending a dime with your e-book, akin to a valuable bonus item. Or bundle a number of ebooks under one value, which lowers the value for every ebook in the event that they have been sold separately.

An efficient technique for figuring out a worth is to ship out a survey to your current customers. If these clients have already purchased an book from you, ask for his or her opinion when it comes to price. Do this by creating a sales web page for the brand new ebook, but do not include a price on that page. As an alternative, add a number of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by creating a variety of duplicate sales pages with different costs on every page. Make certain your gross sales copy is exactly the similar on every

web page, and includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum worth is.

Ultimately, should you've written a ebook that solves a drawback or presents a brand new approach, your book will herald each traffic and profits. So you should definitely write that promoting-deal with sentence that sums up what problem your book solves and what the benefits of your 2209 e book might be to the purchasers who purchase it.
