In addition to selling your books assiduously online, there are a number of different strategies that can help you sell more books.

One is to give one thing away for free with your e-book, comparable to a invaluable bonus item. Or bundle several ebooks under one value, which lowers the value for each e book if they have been sold separately.

An efficient method for determining a value is to ship out a survey to your current customers. Be certain that your sales copy is precisely the identical on every web page, and contains your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. It will let you know what your optimum price is.

Ultimately, for those who've written a guide that solves a problem or presents a new technique, your

guide will herald both visitors and profits. So be sure to write that promoting-handle sentence that sums up what drawback your book solves and what the advantages of your 551 ebook will probably be to the shoppers who purchase it. After which watch your market come to you!
