After you determine your purpose, it's essential to figure out what your audience's want is on your ebook. For example, does your guide clear up a particular drawback? If it does, and solves it in a way that hasn't been written about in 100 other ebooks, you'll be able to obtain excessive sales at a excessive price. If your book solves an issue or answers questions in a brand new and unique

manner, you need to price your e-book as high as you'll be able to go. You will obtain larger earnings this manner, however bring in fewer customers. If you want to see large earnings over customer draw, purpose for an audience that's searching for simple options to their problems at a low price. If your e book is geared toward fixing one explicit drawback quite than common advice, then you can cost more. Begin at the highest price the market will bear to bring in the largest earnings, and plan to discount the guide a variety of times throughout the year.
