An effective technique for determining a worth is to send out a survey to your current customers. If these clients have already purchased an book from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the new ebook, but do not include a price on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by making a number of duplicate gross sales pages with different costs on each page. Be sure your gross sales copy is strictly the similar on every page,

and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This can let you know what your optimum price is.

Ultimately, in case you've written a ebook that solves a downside or presents a new method, your guide will usher in both site visitors and profits. So you'll want to write that promoting-deal with sentence that sums up what problem your ebook solves and what the advantages of your 701 ebook will probably be to the customers who purchase it.
